[The Events](#) is coming up and that means it is time to showcase our choirs!

For the last performance of *The Events*, on January 28th at 2pm, we have [Soundscape Chorus](#) taking over our stage!

Soundscape is an a cappella chorus that's been around for 22 years! Coming to the show from Surrey, they are an audition based choir with a repertoire that consists of popular songs from many eras, including some fantastic show tunes, jazz standards and some novelty songs!

They know how good singing is for you, and they want you to join them! [Click here](#) for more information.
