Pi just went on tour! This past weekend, our production of *Between the Sheets* by Jordi Mand traveled to Victoria, BC. We were welcomed in by George Jay Elementary School (currently working out of Richmond Elementary School), and loved re-creating Miss Stewart's classroom once again. We're thrilled we were able to work on *Between the Sheets* once again, and we hope that we get the chance to tour it again sometime soon. Where do you think we should tour to next?
