[Burning Doors by Belarus Free Theatre at On the Boards](#)

We're happy to report that our friends at [On the Boards](#) in Seattle are presenting Burning Doors by Belarus Free Theatre from September 28 to October 1.

Belarus Free Theatre is one of the most politically charged theatre companies working today.

This description is taken from the On the Boards web site:

**Where do you belong when your government suppresses your basic right to expression? What do you do when the state imprisons you for making art? How would you survive one of the most brutal prison systems in the world?**

Belarus Free Theatre combines forces with Pussy Riot's Maria Alyokhina in her...

[10 Questions with Haley McGee](#)

Pi Theatre is excited to be the presenting partner for Haley McGee's [I'm Doing This For You](#) at the rEvolver Festival, and it opens tonight!

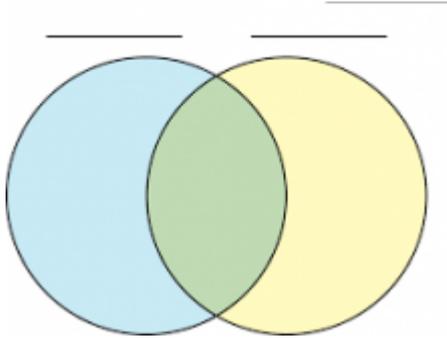

Haley is a fantastic artist from Toronto, and to introduce her a bit more to Vancouver, Richard decided to ask her 10 questions. Check out her answers below and don't miss [I'm Doing This For You](#) running only until June 3rd.

1. What is your greatest fear?  
That love doesn't exist for me. That I'm poison to the people who love me. That what I'm contributing to the world is futile.
2. What calms you down?  
Being around trees and looking at the sky.

3. When are...

[Math Cheat Sheet](#)

### Math Cheat Sheet for [Long Division](#)

Are you a bit nervous that you'll get lost in the math of [Long Division](#)? Well don't worry! We have your cheat sheet here. But the most important thing is to focus on what the characters is talking about! It's not about a formula or the math itself, but really about the metaphors and connections.

#### **Cardinal, Ordinal and Nominal Numbers**

Cardinal numbers - known as the counting numbers, indicate quantity.

Ordinal numbers - indicate the order or rank of things in a set.

Nominal numbers - name or identify something and do not show quantity or rank.

#### **Venn Diagrams...**

[Guest blog from Tom Jones](#)

We asked Tom Jones to write a blog entry for us about his experience becoming Gary 3. Read it here:

Welcome to the future and Gary 3 is going to tell you about it. Preparing to play Gary 3 has involved looking into climate change and the circumstances that lead to his speculative world as well as delving into this character. A human who also bears genetic material from a microscopic creature called a Tardegrade.

The Tardegrade is "microscopic water creature grows to just over 1 mm on average, and is the only animal that can survive in the harsh environment of space. It can also withstand...

## [Richard hits up Toronto!](#)

Richard was in Toronto recently for the first week of the Factory Theatre run of [Empire of the Son](#). Here's what he has to say about his trip.

Toronto was great. Vibrant city. Great art. *Empire of the Son* was very well received and our hosts at Factory were very supportive. VACT is thrilled with the tour as was Pi, and I'm sure our man Tetsuro was in fine form on closing night. GM Shayna was back in her hometown, so naturally I was hoping the visit didn't cause her to miss it so much that she'd want to move back there. The photo above is a picture of Factory's video display board in their...

[Richard Wolfe picks a couple of PuSh shows](#)

In the spirit of celebration and the celebratory spirit one gets when one catches themselves smiling, I've picked a couple of [PuSh](#) shows that I'm looking forward to seeing.

I did not mean these to be hierarchical in terms of their placement on the page. One is pure fun with some weight. The other is weightier with some great fun involved.
