## Content Advisory

Pi Theatre produces and presents bold and uncompromising theatrical experiences that are both intellectually alive and emotionally charged. We do not offer specific advisories about subject matter as sensitivities differ widely from person to person. If you have any questions about content, age-appropriateness, stage effects or anything else, please don't hesitate to give us a call at (604) 872.1861.

## Script Submission Policy

If you have a script that you think would be a good fit for Pi Theatre, we welcome the submission of a 1-page synopsis and the first 10 pages only of the full script, by email to [info@pitheatre.com](mailto:info@pitheatre.com). We will contact you if we are interested in your work. Thank you.
