

## Empire of the Son Tour

In the fall of 2016, *Empire of the Son* written by Tetsuro Shigematsu and directed by Pi AD Richard Wolfe headed off on a Canadian tour - and Pi was there, assisting the [Vancouver Asian Canadian Theatre](#).

Tetsuro discovers vast worlds contained within his emotionally remote father - from the ashes of World War II and Hiroshima, to swinging London in the 1960s, and all the way to Montreal.

*Empire of the Son* was first remounted here at [The Cultch](#) from November 1-13, 2016.

The tour then moved with AD Richard to the [National Arts Centre](#) in Ottawa from November 22-December 3, 2016.

In the new year, the show was in Montreal at the [Centaur Theatre](#) from January 11-14, 2017.

And then both Richard and GM Shayna were in Toronto to meet the tour at [Factory Theatre](#) running from January 18-29, 2017.

For more information on *Empire of the Son*, head to the [VACT](#) website or send us a note [here](#).
