

Climate Change Theatre Action

From October 1st through November 18th, groups around the world will be taking part in [Climate Change Theatre Action](#) with [The Arctic Cycle](#).

For this event, Pi will be joining our colleagues at [The Only Animal](#) in producing an afternoon of artistic response to climate change by some of Vancouver's finest artists. Companies will choose works from the readings and performances intended to bring awareness to, and foster discussion around, climate change.

Pi's contribution will be a performance of Jordan Tannahill's elegant *Nocturne*, a music centred mediation on the daily extinction from the world of 200 species of life.

Join us on **November 12th** at the **Red Gate Revue Stage** on Granville Island to take action against climate change!

Doors will be at 1:30pm with the show starting at 2pm. Admission is by donation.
