

Long Division Evening Performances

Long Division focuses on seven characters linked - sometimes directly, sometimes more obliquely - by a sequence of tragic events. These characters offer lessons on number theory, geometry and logic, while revealing aspects of their inner lives, and collectively the nature of their relationships to one another.

April 26 (Preview at \$25), 27, 28 and 29 at 8pm - Tickets are \$30, inclusive of all fees and non-refundable.

Location: The Annex, 823 Seymour Street, Vancouver
